Chapter 1. How to start today First things first.

In this e-book we will look at the starting of a Church, or ministry and what is required. I have seen many, many people get to my blog and the top post to date is How to start a non 501 c (3) ministry. I am still amazed that so few know the facts of what a 501 c 3 is and why a Church and ministry should not have one, and it is not a requirement by law to have one.

I want to tell you step by step how to start a Church or any ministry Today !

First, I want to say something, listen up OK.

I have been blogging some time, preaching, teaching and writing books on the subject that America is now under divine Judgment. It only gets worse from hear, and all the weather, uprisings, famines, wars and quakes are but the start. A quake will hit America, very, very shortly; a famine will be hear soon, mark my words on that one. The constitution is a dead paper as I write; we are loosing all our freedoms and rights TODAY.

God is allowing this as part of his judgment on America. TODAY, however, we still have freedom of religion, how much longer, only God knows. Therefore, Today this book will serve a great purpose.

I have started many Church's and ministries all over America and in 33 years I have never had, nor needed a 501 c (3) tax-exempt number, or even an E.I.N. number.

According to the current I.R.S. Code, a Church is already tax exempt. The problem is, most people do not know this. Lawyers I have talked to did not know this until I showed them the IRS code and Law. Congress shall make no law concerning the establishment of religion, we have freedom of religion. The Church is separate from the state and government.

The 501 c (3) number is super expensive and once you have it, you are owned by the government. The Sr. Pastor, or head leader of the ministry is not a SR Pastor, after your articles of incorporation, you are called a CEO, chief executive officer. Articles of Incorporation or INC. makes you a church state, a business that is non profit in this case. You become a tax free business and not a church, also you have guidelines and government controls once you get your Government Tax I.D.

Many think they want to start a Church-ministry, and honestly want to follow the law, amen, and amen, we should.

All I am about to tell you, is the law, so obey it , Many churches, new plants, and

ministries, hold services without a 501 C (3) it is a long wait and very, very expensive, many think they have to wait, why, many churches are not 501 c 3 and are 100% legal, others think they must wait to hold a service till they get a non profit status, not needed, and the 501 c 3, so you plan on sitting around 6 months a year and await a paper form? today is the day of salvation, you do not have to wait, or get anyone's OK to start a ministry, only a call from the lord and that's that.

99% of Lawyers, do not know this, and out of ignorance they tell you, you must start and get a 501 c (3) , actually if you take the state route, you start by putting together a non-profit Org. That is one of the first steps in the process. The government already knows the Church is a non taxable entity, and so why and where did the whole church needing a 501 c (3) inc. status come from? (Chapter 2 Tells you), It was a sly trick to control the Church, its activities and once in the grasp of the state, government, they can tell you things like, you can not openly endorse a political candidate, you can not preach against homosexuality and other things. I have been reading in 2010 and 2011, how in many states the government is cracking down on what the church preaches and teaches. It is a control issue.

Any online ministry , school, or a church that says they are not a 501 c (3), is because they know, and or, they do not have the thousands it cost to get this unneeded gratuity from the hand of the government.

It is all about CONTROL, a way to manipulate the whole law of freedom of religion. You need not become a part of the FREE CHURCH MOVEMENT; we are not a free church. The Free Church tends to be super political and, they ware patriot out fits while preaching. They are being demonized as I write, being tea party radicals and Tax evaders.

I have listened to some sermons from the free church and it was all on the constitution and being a patriot. I heard no bible and no preaching, this becomes a tangent and we are called to preach Christ and him crucified. I am not part of any Patriotic or truth movement, why? I am a blood covenant Christian, a modern day pilgrim and that is true N.T. Practice.

It was that way, 100% passivity as Jesus taught. In the third century That all changed. The church became a Church-State or State -Church, everyone was commanded to go to church and be baptized, at this time Military, prostitution, pagan beliefs, everything that was not of the true gospel entered the Church.

In the third century the State-Church was born, from that point on, the Church and all its

Conquests have been by the edge of the sword as they are today, and not prayer. Much later from this.

The Puritan theology arose. The puritans believe in what is called Manifest Destiny, this is the same doctrine as modern Dominion doctrine, same exact thing, different name. When the pilgrims and puritans settled in America, the puritans killed the Indians and partook in all of Americas wars; almost all Pilgrims were neutral and 100% passive. They were considered cowards, they faced persecution, and scorn came on them. The pilgrims to day are akin to the Amish. They do not go into military service, carry no guns and will not fight back.

The First Quakers later came, they were branded with a large H for heretic by the state-Church puritans, they were beat, tossed in jail, tortured and four Quakers, some women we, in Massachusetts, martyred, crucified, burned to death. These same puritans who were trying to see a purity movement in the Church of England, we so persecuted in England, they came to America, later they were guilty of the same crimes and had become the state-Church. You could not run for a political office, or even vote if you were not a Puritan, this changed later, but the puritan, State-Church is still alive and well in America and around the world, Main line Denominations that use their religion to control the people, this is not N.T. Christianity. The Baptist upon arriving, were not treated as harshly, or killed as the Quakers, but the Puritan state-Church would not allow them Charters, would break up their Church services, and did not allow them to hold Church services at night, all true, read Church History.

Our country was founded on taking what it wants by the sword and Gun. In the N.T. This was clearly taught against. Our country is so ingrained in war and battle; they do not even know the historic or N.T. Biblical truth on the matter. Most reading this do not even know what I am saying. There is an excellent and long, detailed historic book for free reading on the internet at (<http://www.endtimepilgrim.org/puritans.htm>) I highly recommend all read this book to see what I am saying is fact. It will teach you the dramatic difference of a pilgrim and a puritan, and lots of great history.

What is blood covenant Christianity, I use the term a lot, hear is a link that fully explains this meaning and how we are to be blood covenant Christians as taught in the Holy Bible.

<http://www.endtimepilgrim.org/bloodcove.htm>

Back to the modern Church and government situation.

I have talked by email to many people who I helped set up ministries and churches. We are non-Denominational as most ministries are today, and so many do not have a way to get this info.

You do not need to ask the government for a non-profit org. You do not need anyone is OK to start any religion, fact.

I said before and will say it again. The basic steps to form a Church are simple, and these few things are just to cover your tracks so later it will avoid any hassle.

1. A one page mission statement, all these papers and statements grow and get longer as the ministry grows.
2. A doctrinal statement
3. Run a DBA Doing Business as, in your local paper, make sure you say the words, [this is a Church](#). **This IS A MUST YOU ARE NOT A BUSINESS WHY BOTHER YOUR A CHURCH-MINISTRY**, if you do a DBA you must make sure the local paper adds this is a Church not a business, this is a must remember that.
4. Your name MUST have the word CHURCH in it, or Congregation, not fellowship, as the government will look upon this as a possible social club and not a Church. If it's a ministry say your name and Christian ministry-Church.
Under the name church, you can then have auxiliaries like me, truth and mercy ministries, a part of truth and mercy Church, see.
5. A very basic Constitution and by laws of the Church, this is the basic church structure. Let's say a married couple start a church, this is the norm, the man, the Sr. Pastor says in the bylaws, the Church is governed by the SR. Pastors decisions on where the Church is going and all decisions. The wife is the secretary, steward, or Administrator. It only takes one or two positions and the first draft will only be one page or so, this again is the norm until you grow. The best way to do this is to have 3 to 4 members on your board and only 2 should be related, same last name.
6. Do not get an IRS E.I.N. most banks will ask for it, show them the IRS code, All you need is a bank account in your name or you and your wives name separate from your regular account. Some banks I have come across, even after showing the evidence would not co-operate, so go to another Bank, you will easily find one, and teach the banker some things he or she may not know. Have the IRS code and the fact no E.I.N. Number is required. It is not hard at all.
I have listed later in this chapter, the exact documents, and the PDF you should print and have with you.
7. If you are just trying to get a tax exempt number to save money, or start a ministry or church as a sham, well shame on you, God will take it down. A real Church needs not a thing, and get this, a church will not, ever have to show ANYONE any of the Churches documents, like the ones I said to have to cover your back. You do not register with your local city or state, unless you must do so to perform marriages, and this is different, state by state, these are online, just do a search, marriage laws state by state, it is posted everywhere.

If you are ordained by mail and just want to start a marriage ministry to make an income, again shame on you. You must give per-marital counseling, and also, you will be accountable by God who you bring together as husband and wife. A true church never just marries someone off the street, they usually do the service for church members and family, it is not a way to make money, if that's you, I have nothing to say, that is not ministry my friend, that is a business.

Now let us move on.

I have started Church's and Ministries in several states in the USA, and not once in 34 years have I had any problems at all, I mean none. The only problem was trying to convince a bank and teach them the law, I ended up going across the street and opened a bank account and was out of town in under an hour. The bank account was in the Churches name. I only did this one time, and these days, why bother almost NO Bank will let you open a Church account without a 501 c (3). I explain what to do about this in Chapter 2

If you own property, a church building, you will want to do the paper work for sure. Owning a Church or Church property is a little more involved, but you still do it the same way. You are tax exempt, no property tax, but you better be above board or you will be closed down or hassled. Never do any of this to evade taxes, a ministers salary is taxable and other things. Render unto Caesar what is Caesars and pay your taxes, like it or not. Jesus taught us this, as well as the Apostles Paul and Peter. A minister must pay taxes on his salary or income like anyone.

The home church movement is the fastest growing movement in the world and in America, it is a strong number two, right behind the number one movement, a non-denominational Church. A school by law must rent you the auditorium or Gym. The cost is cheap. Community centers in small towns, City's, are great.

In Yermo my brother is also a Pastor. His church was burned down. He is renting the Yermo, Ca. community center for 60.00 a month, with that, they use it on Sundays and Wednesday's, and they get the use of the gym, all the buildings and the air conditioning for 60.00 a month. That is the way to go. In addition, I have approached other more established churches Methodist are the best, as well as Churches that are non-denominational and in line with what you believe. You will need to rent the place 20-50.00 a week or every 2 weeks, some have offered the church for nothing all we had to do was make sure everything was clean after and was set up the way we found it.

I have rented halls also, this is the most expensive, and as this is how they make money. I once had a Moose lodge give us the meeting area, every Sunday and they did not charge us a dime, so God is more than able, if it is his will and His ministry, he will provide for it and open doors.

In places that had good weather, we started many, many ministries, Churches, in city Parks. No money, no hassle and its good for a Church plant, because you kill two birds with one stone, you have an out door church service and do outreach at the same time. I have had my biggest thrills and successes doing Park Ministry and Churches. Many have come to Christ, also, many feel it is neutral ground and not some ones house; it is a win, win deal.

I am a few months into a new Church plant,(at the time of this writing) Truth and Mercy Church, notice I used the word Church, never forget this one thing, it may sound odd with your chosen name, but use it and no hassle at all . At present 99% of my ministry is online, in a later chapter I show you how to do this as I have and reach the nations with the gospel.

I am a city man, an Evangelist, I am used to stepping outside, getting a bus, side walks and many people to witness to, not so hear. I ask God every day to get us out of the place, as the desert is hot and so few people around to minister to. This is the first time in 34 years we have not ministered in a big city, and 4 years into this place is still hard to get use to, but God has a reason, and I believe it has to do with what is coming very, very soon. We have had ALL doors closed, I feel Like Jonah a lot, man I want out, but I was told by God in prayer, son your despising the mission field I have provided, you are hear for a reason, it is my will, so trust and obey for there is no other way, to be happy in Jesus than to trust and obey, amen.

I would have never started to use the internet so much to minister and do projects if I was in a city, I now see the lord wanted me to reach out internationally, in 2011 from my few free websites I reached around 100,000 people. In addition, I did not start in 2011 to really use the net heavy until around April 2011, so less than a year. It is not about the count of hits on sites, it is about reaching the globe with the gospel and by the lord's grace, and I have. All glory to God. I will later show you step by step how I built a large internet presence so fast, and best of all I did it all free, no paid sites or anything, free sites, free, free, free, this is the way to go, esp. for a new ministry, some of you may even stay just with an internet based ministry. I minister by email, phone calls, snail mail, Skype, its all there for free, so use the internet while we still have one that is free, also use the internet even if you have a gathering place.

OK, That is my story, I gave the facts, I tell you time is short .

Why are so many still looking on the net for the 501 c (3) excuses to not minister today, why are you not going out and obeying the call? Email me, we can set up a call, whatever, I will motivate you. WHAT ARE YOU WAITING FOR? I also understand many people do not know even the first steps to starting a Church-ministry and this is OK. Many hundreds of people have been helped by my ministry and the marital in this book.

A living dog is better than a dead lion. If you have breath, you may feel so unworthy, unfit to minister, join the crowd, Moses, Jeremiah and Gideon, so that is the way it is. If you are reading this you are alive and being your alive and the lion of fear is dead, you are the king of your jungle now. LOL.

Many do not feel we are going to fall as a nation, many think, soon all will back to normal, most of these ones are the ones wasting time with the whole 501 C (3) thing, another group of people I talk to said after our conversation, but I want the tax number, I want to be called a CEO, I want to be legitimate, after hearing all they said, It is obvious to me, their ministry is their Idol, and God will never bless your Idol, you can have the idol of ministry, I know, I was guilty of this in the past. The idol is a broken cistern that can hold no water at all. You want to be like the big ministry on T.V. , or do big things for God, this starts with the small things, small steps, obedience, making it victoriously through trials, as every mans ministry will be tried by fire to see what it is made of, as Paul said.

Therefore, if you know you are called into the ministry great, if you are not sure, you are a mad man, this is a hard, hard road. If, you preach and teach truth that is an advance against Satan's kingdom, if your an emerging, post modern, dead church, that will not be a threat to Satan, your all set and will have no problems, all will embrace you, all but God that is. Your reward is on earth, not in heaven.

Once your Church is a little bigger, and you have leadership use this simple form to get your ministry off the ground. I will post the simple form.

I have had many ask where can I get a copy of a formal IRS publication that asserts what you say, this PDF you should download and print, put in a binder and take it with you to banks, and stores, etc. It is from the horses mouth, note; the very introduction at the top left of this is all you need to show anyone, but have the whole PDF on you and not a print of a portion of this from any other website aside from the IRS.

<http://www.irs.gov/pub/irs-pdf/p1828.pdf> (the mother load page one intro.)

Out of all the codes you will be reading, all can be simplified with this one PDF from the IRS. It says in the second paragraph, this publication not intended to be all the information etc, bull ! this PDF is all I ever needed .

I have all of what you are about to read from the IRS printed in a single binder with the subjects highlighted for easy view and finding. I have it all why not, even the print outs from the Cornell law site, have all bases covered. again its the law, you are following it, and can not get into trouble, the PDF says if a church wishes to get a 501 c 3, IF and naturally you do not want or need this, separation of Church and state folks, the constitution its all there.

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof... Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof...

The IRS documents and PDF are all the proof you need. A minister must pay taxes, and this is a different issue, the new thing is people think you have to have a 501 c 3 to be like everyone else, hay everyone else is doing it, so why not me, well everyone else is wrong and uninformed. Why follow an ingrained trend to be like the Jones?

Use the following sample and flesh it out to fit your ministry context.

I will fill out the needed paper work for an example, so you can see. Reader, minister, understand I am filling these forms out in there most simplistic form that is all that is needed. My example is for a small ministry, Micro Church, Home Church, Individual, A couple, any small group. This all starts with one paragraph, or one page, this is how it is done, it grows as your ministry grows, so do not think due to the shortness of the example forms ,I am joking, I already have these, they have not changed in four years, also no one has ever asked to see them, no one will.

If you were to walk into a mainline denomination, let us say a United Methodist Church, they have their constitution and bylaws all over, they are hard cover, red and look just like their Hymnal. The Assemblies of God, while not as big, is a paper back book, and it is by now, hundreds of pages. These constitution and bylaws were written over 100 years, so understand when Wesley started, the AoG started, Independent Baptist started, they were only a few papers copied and stapled together, hear is your constitution and by laws, and other papers, please do not make more of this than needs to be. I promise you, while we still have freedom of Religion, while we still have a U.S. constitution, no one will come and kick your door down, or even come up to you and say politely, may we see your documents, friend not in the USA and has never been so in modern history, so why be fearful, and why wait to fill out the needed paper work, a basic constitution and by laws ?

100 years from now, if were hear, your ministry may have grown into a large denomination and you will have a 100 plus page book filled with doctrines and laws of men, so be it.

I. NAME;

The name of this organization, shall be the __ Truth And Mercy Church_____

II. STATEMENT OF FAITH;

The Statement of faith of this church, your simple statement goes in this section.

We believe in the Holy Bible, it is without fault and is perfect. WE use the Holy Bible as our only source of any statements thereof. We are established to preach and teach the Gospel of Jesus Christ, the only way, truth and life. We will educate others in our town of Yermo the USA and use the internet to educate and make disciples of all nations. We run a bible only ministry school as we equip the saints to enter into their ministry that our Lord chooses for them. We will meet for worship services, Sunday School, worship in song and praise, put on plays, have a street ministry, pass out gospel tracks and Gospels of Johns to educate others concerning the Christian faith. We will hold a board meeting one time a month to talk about current issues, and plans for future events. We are a non-denominational church and will always be so.

III. PURPOSE;

The purpose of this church shall be to bring pleasure to God by making more and better Disciples who celebrate our Lord Jesus Christ in corporate worship, are committed to Obedience to Jesus Christ, loving one another, and penetrating our spheres of influence With the dynamic gospel of Jesus Christ. Our sole purpose is to lift Jesus higher that all may come to know him. Our other purpose is to train, disciple, and work for those in need. We will be active on the internet and all ministries on the net, we have para -church ministries and bible based auxiliaries all under the name Truth and Mercy Church, the outreaches, web sites, materials, para-Church ministries, all have different names, but are under the Truth and Mercy Church so named above. We educate others concerning separation of Church and state, and how according to the IRS a Church does not need a 501 c (3) tax exemption, as the IRS code states the Church is already a tax exempt entity.

V. MEMBERSHIP;

The church shall receive as members those who have accepted Jesus Christ as their Savior being born again, and manifesting the fruits of the Spirit in their lives, and are in Agreement with the doctrine of this church. (Sometimes a statement is put in here about membership process and discipline process. Sometimes these statements are put in the by-laws.) The only requirement for membership is a request, one can become a member from day one, if they are a born again Bible believer.

IV. GOVERNMENT;

Ultimate authority lies in Christ as the head of the church and in the Scripture as the basis.

For all faith and practice. This church shall remain free and self-governing. The Government is vested in its membership and administered by its officers. In function, final authority shall reside in the membership. They shall approve and/or affirm Bible qualified leadership, to carry out Christ's purposes. 1 Timothy , 2 Timothy, and Titus, the pastoral epistles in the N.T. Is the mode of Church structure, doctrine and Church administration we use nothing else, solo Scripture. Our leadership will hold leadership meetings to talk, brainstorm and agree on any discipline or change that may be required.

V. OFFICERS;

The officers of this church shall be the Pastor(s), Elders, and/or Deacons, and other officers as deemed necessary by the local church. Administrator, Secretary and Evangelist-Visitation Pastor. SR. Pastor Evangelist Danny Louis Abaldo currently fills all these requirements, until we grow in membership.

PROVISION FOR BY-LAWS AND POLICY MANUAL

A supplement to this constitution known as the BY-LAWS shall embody the stated qualifications for church leaders and officers. The BY-LAWS shall also include officers' duties, provisions for appointment of additional leaders and teachers, conditions for membership, method by which members are received, along with other rules and regulations for church activities as needed. A Policy Manual shall cover such items as operational, job descriptions for all positions in the church, etc.

VI The Bylaws;

The by-laws are in a separate document from the constitution. It is usually longer, more detailed, and easier to change. With growing church plants, this should be a dynamic document.

The by-laws provide a vehicle to implement and carry out the principles outlined by the Constitution. They explain how the organization functions in terms of boards, committees, officers, membership admission, frequency of meetings and quorums. A description of boards and committees, including their duties and terms of service, should also be included. An organizational chart is helpful.

Truth and Mercy Church Bylaws at present we are ruled by solo scripture our bylaws we feel will be from the word, and by men, most denominations bylaw's are done by a annual meeting of leadership and they constitute words and doctrines of Men, we may pursue this at a later time, but at present all discipline and decisions are done solely by the SR. Pastor, Church Administrator, and an elder.

VII. AMENDMENTS;

Amendments to this constitution may be made at any business meeting when said proposed Amendments have been presented to the membership in writing and posted for at least one month prior to the business meeting. A two-thirds majority is required for passage.

VIII. Church meeting minutes;

You only want to do this once a month and not weekly, as the government will say, if they look into your ministry a large minutes diary and will consider that a function of a business and not a ministry, strange, yes, but we are talking about the Government and its red tape. The minuets are essential in the planning stage; these are not the minutes you will use later. In the start of many Churches Me and a few leaders would meet several times a week, for pray, brain storming, planning and we had a designated secretary that took the minutes. The planning stage, the brain storming his prayer needs not be logged,

that would be like you making a daily log of the prayer you do before dinner and the conversation everyone had at the dinner table. LOL

It could not be any easier, follow my example, how I filled them out and use your Church, ministry name in place of my name and info.

The legal support for the State's lack of jurisdiction over the church in America is not only the Word of God, but the First Amendment to the Constitution for the United States: AS stated above and below

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof...

No church in any nation at any point in history can lay claim to the freedoms and liberties that are guaranteed the church in America. The First Amendment is an act of God's Providence to safeguard His church and maintain its independence from the State. The First Amendment is the highest form of real protection the church has ever known in history.

Need more proof from the IRS that a church is already a tax Free entity

Does a church have to apply for tax-exempt status?

No! Section 508(c) of the Internal Revenue Code specifically states that churches, their integrated auxiliaries, and conventions or associations of churches are not required to apply for (IRS Form 1023) and obtain recognition of tax-exempt status from the IRS in order to be treated as tax exempt, provided they meet the requirements of section 501(c)(3) of the IRS Code. In general, those requirements are as follows:

- 1 The organization is organized exclusively for exempt purposes, (i.e. religious, charitable, educational) purposes;
2. The organization is operated exclusively for exempt purposes;
3. None of the organization's net earnings incurr to the benefit of any private individuals;
4. The organization does not engage in any substantial efforts to influence legislation;
5. The organization does not intervene or participate in political campaigns. A properly constituted Constitution and Bylaws are also required.

Note; number 5 is false, this applies to a 501 c 3 Church and not a Free Church structure.

IRC 508 and IRC 505 Requirements

IRC 508(a) and the regulations require organizations described in IRC 501(c)(3) that are organized after October 9, 1969, to apply for recognition of exemption on Form 1023, Application for Recognition of Exemption. Form 1023 is also the way an organization described in IRC 501(c)(3) gives the required notice that it is not a private foundation. Excepted from this requirement by IRC 508(c) are churches and organizations that are not private foundations and that normally have not more than \$5,000 in gross receipts each taxable year.

1. Unless excepted under IRC 6033(a)(2). A mandatory exception is for " churches, their integrated auxiliaries, and conventions or associations of churches." A discretionary exception is for organizations (other than private foundations with gross receipts normally not more than \$25,000. This is at the bottom of the foot notes, its all covered

501(c)(3) status and IRS Publication 78

While there is no governmental requirement for churches to file with ITS to obtain 501(c)(3) status, some churches have elected to do so to meet the requirements for participation in various secular activities or programs that require the church to be listed in IRS Publication 78. Churches wishing to participate in food bank programs, corporate matching donations, foundation grants, etc., are examples of those who elect to file IRS Form 1023.

Did you get that? the only thing you get for your expensive and unneeded 501 c 3, is access to a food bank, and the ability to get grants.

Most grants are non Christian to start with, the Food bank is the only thing that would be a lose, it is to bad, this should not be the case, but is having access to a food bank, and get money from grants needed, NO. I never have. Some of you reading this will say, this is to good to be true, or I still don't believe it, it sounds radical, it is all that and more, but it is 100% legal. When anyone talks about taxes, who is the Governments sole source and branch that deals with Taxes? the IRS, and I just showed you what the IRS says concerning a Church already being tax exempt and not needing a 501 c 3, unless you choose to have one. I know some will not listen and have been told by uninformed, but well meaning ministers, you must have a tax exemption 501 c (3) number FALSE !. Once you fill out the few sheets of paper, you are tax free from Day one, the IRS said it, not me. The sad thing is no one knows this.

A interesting note:

Did you know that the Assemblies of God pastor retirement plan, headquartered in Missouri, is not approved by the IRS and pastors and churches still write off contributions to this fund. the government doesn't usually mettle in our affairs because we are a church." That was almost twenty years ago. Trust me, the IRS mettle's more now than it used to.

Hear is a longer IRS law document, you need not know all of it, but do note, it repeats what I have already wrote.

From IRS: Title 26 Code Sec. 501(c) (3)

Sec. 501. Exemption from tax on corporations, certain trusts, etc.

(a) Exemption from taxation

An organization described in subsection (c) or (d) or section 401(a) shall be exempt from taxation under this subtitle unless such exemption is denied under section 502 or 503.

(b) Tax on unrelated business income and certain other activities

The IRS has acknowledged for decades that it is completely unnecessary for any church to apply for a tax-exempt status. According to IRS Publication 557, as well as IRS Code § 508, churches and church ministries are “exempt automatically.” Application for an exempt status is not only superfluous, but to do so subordinates that church to the IRS. Churches in America have always been nontaxable anyway. It simply makes no sense for a church to go to the IRS and seek permission to be exempted from a tax the government cannot impose in the first place.

NOTE: Most people think if you give to a Church-Ministry that you can not use it as a tax deduction, I am amazed at how many websites I have seen that say, your gift is not tax

deductible, because we are not a 501 c3, well guess what ,wrong again.

Whether or not a church or church ministry applies for and receives a “501c3 tax-exempt recognition letter” from the IRS, any contributions made to a church are “automatically qualified” as a tax write-off to the contributor, pursuant to IRS Publication 526, and IRS Code § 170(c)(2)(B). A church does not have to be a "nonprofit charitable organization" to be tax deductible, nor does it need IRS authorization to be tax deductible. According to the IRS, churches have that status “automatically.”

This little unknown fact needs to be known by all, esp many in the Free Church style, and the many websites and non 501 c 3 ministries, it is amazing the ignorance, they simply do not know the facts, reader you indeed can have this and offer it with out a 501 C (3) I do not agree with the whole tacking a tax break for supporting a Church, mission, ministry as It is letting your left hand know what your right hand is doing, when you do this , you have your reward, a tax break. Jesus said this, not me, I paraphrased it, but that is what was said

I know this is a lot to understand at first, just know, your church never needs a 501 c 3, and if so, if you still choose to get a 501 c (3) you will have many government restrictions, and government issues that a Church should not have any part of. There are many more restrictions being written into law everyday.

The call is yours, I am just telling you the facts, the IRS law, this is plain evidence that you do not need to do a lot to start a Church-Ministry. People have made it so complicated, mostly due to ignorance of the IRS code. Lawyers have no idea. Pastors, denominations have no idea, in-fact, most people have no idea about any of this. You reader now do and it is up to you to share this information with others.

I have known this Law for years , I applied it, and have never had a problem. We have freedom of religion today, soon it may be different. People starting ministries get so hooked up on doing everything legal and above reproach, and you should, you are following the IRS code law by not needing a tax exemption, so you are not in rebellion, you are fulfilling the law, and it is fact, so your integrity is intact. I have talked to many I have shown this to, and they either did not believe it, even with the IRS code and rules, others said, man I wish I had this information before I took the long journey to get a 501 c 3, that I now know I never needed.

This eliminates, the whole issue, and now you can go on and do what must be done. The statements, and things I wrote, are all you need for your Church -Ministry in the eyes of the state and the eyes of the lord. This will help you get up and running much faster, after all, as the book title says, The Facts Of Starting A non 501 c (3) Church-Ministry made plan.

No need to wait and wonder where to start. This first chapter eliminates a lot of your waist-ed time, and gives you peace and freedom to start today, not some day.

Now you are with out any excuse, what are you waiting for?

Never forget, many, many online retailers do not charge tax anyway, some do, others only charge sales tax in certain states, a few years back, we all shopped on line, because they did not charge sales tax, the Government and States stepped in, and have been working hard to change this, so if your in the state of California like I am, it is California law now, all online sales and purchases, must include CA St. Sales Tax. California is the worse, they make it hard to do anything and they tax the heck out of you at every chance they get.

Other states are getting just as bad, but I have contacted major retailers concerning their rules on tax exempt sales, I contacted, as you should if needed , always contact the corporate office and talk to, email, the accounts manager, it must be from the stores corporation home base, and from the man, or women in charge of accounts to avoid, and what it is like to be a full time Pastor. This was an excellent time, I got a lot out of these interviews and I know you will as well. NOTE: not one corporation would play ball, so be it, these are the days we live in, look for online retailers that do not charge sales tax, and you may be one that is already in a state that does not require, retailers online to collect state tax.

2. Tangible personal property, except property used in any form of recording and reproducing services, purchased by churches organized not for profit and which are exempt from taxation under § 501 (c) (3) of the Internal Revenue Code, or whose real property is exempt from local taxation pursuant to the provisions of § 58.1-3606, for use (i) in religious worship services by a congregation or church membership while meeting together in a single location and (ii) in the libraries, offices, meeting or counseling rooms or other rooms in the public church buildings used in carrying out the work of the church and its related ministries, including kindergarten, elementary and secondary schools. The exemption for such churches shall also include baptistries; bulletins, programs, newspapers and newsletters which do not contain paid advertising and are used in carrying out the work of the church; gifts for distribution outside the public church building; and food, disposable serving items, cleaning supplies and teaching materials used in the operation of camps or conference centers by the church or an organization composed of churches that are exempt under this subdivision and which are used in carrying out the work of the church or churches.

HOUSE BILL NO. 117

House Amendments in [] -- January 12, 1995

A BILL to amend and reenact § 58.1-609.8 of the Code of Virginia, relating to the nonprofit civic and community service exemptions of the Virginia Retail Sales and Use Tax Act.

Section 16. Free exercise of religion; no establishment of religion.

That religion or the duty which we owe to our Creator, and the manner of discharging it, can be directed only by reason and conviction, not by force or violence; and, therefore, all men are equally entitled to the free exercise of religion, according to the dictates of conscience; and that it is the mutual duty of all to practice Christian forbearance, love, and charity towards each other. No man shall be compelled to frequent or support any religious worship, place, or ministry whatsoever, nor shall be enforced, restrained, molested, or burthened in his body or

goods, nor shall otherwise suffer on account of his religious opinions or belief; but all men shall be free to profess and by argument to maintain their opinions in matters of religion, and the same shall in nowise diminish, enlarge, or affect their civil capacities. And the General Assembly shall not prescribe any religious test whatever, or confer any peculiar privileges or advantages on any sect or denomination, or pass any law requiring or authorizing any religious society, or the people of any district within this Commonwealth, to levy on themselves or others, any tax for the erection or repair of any house of public worship, or for the support of any church or ministry; but it shall be left free to every person to select his religious instructor, and to make for his support such private contract as he shall please.

Section 17. Construction of the Bill of Rights.

The rights enumerated in this Bill of Rights shall not be construed to limit other rights of the people not therein expressed.

Section 6. Exempt property. Section 6 (2) Church property already tax exempt with no 501 c 3 required.

(2) Real estate and personal property owned and exclusively occupied or used by churches or religious bodies for religious worship or for the residences of their ministers.

Section 8. Criminal prosecutions.

That in criminal prosecutions a man hath a right to demand the cause and nature of his accusation, to be confronted with the accusers and witnesses, and to call for evidence in his favor, and he shall enjoy the right to a speedy and public trial, by an impartial jury of his vicinage, without whose unanimous consent he cannot be found guilty. He shall not be deprived of life or liberty, except by the law of the land or the judgment of his peers, nor be compelled in any criminal proceeding to give evidence against himself, nor be put twice in jeopardy for the same offense.

Laws may be enacted providing for the trial of offenses not felonious by a court not of record without a jury, preserving the right of the accused to an appeal to and a trial by jury in some court of record having original criminal jurisdiction. Laws may also provide for juries consisting of less than twelve, but not less than five, for the trial of offenses not felonious, and may classify such cases, and prescribe the number of jurors for each class.

In criminal cases, the accused may plead guilty. If the accused plead not guilty, he may, with his consent and the concurrence of the Commonwealth's Attorney and of the court entered of record, be tried by a smaller number of jurors, or waive a jury. In case of such waiver or plea of guilty, the court shall try the case.

The provisions of this section shall be self-executing.

This is now changed due to on Dec 31 2011 Obama signing the authorization and detention act, the illegal detainment of Americans for any reason, you can go to jail and never get a court date to face your peers, you will not be able to have a court hearing to argue, present your case. So much for the Constitution of the USA or Any state.

Section 9. Prohibition of excessive bail and fines, cruel and unusual punishment, suspension of habeas corpus, bills of attainder, and ex post facto laws.

That excessive bail ought not to be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted; that the privilege of the writ of habeas corpus shall not be suspended unless when, in cases of invasion or rebellion, the public safety may require; and that the General Assembly shall not pass any bill of attainder, or any ex post facto law.

Section 10. General warrants of search or seizure prohibited.

That general warrants, whereby an officer or messenger may be commanded to search suspected places without evidence of a fact committed, or to seize any person or persons not named, or whose offense is not particularly described and supported by evidence, are grievous and oppressive, and ought not to be granted.

Section 11. Due process of law; obligation of contracts; taking of private property; prohibited discrimination; jury trial in civil cases.

That no person shall be deprived of his life, liberty, or property without due process of law; that the General Assembly shall not pass any law impairing the obligation of contracts, nor any law whereby private property shall be taken or damaged for public uses, without just compensation, the term "public uses" to be defined by the General Assembly; and that the right to be free from any governmental discrimination upon the basis of religious conviction, race, color, sex, or national origin shall not be abridged, except that the mere separation of the sexes shall not be considered discrimination.

That in controversies respecting property, and in suits between man and man, trial by jury is preferable to any other, and ought to be held sacred. The General Assembly may limit the number of jurors for civil cases in courts of record to not less than five.

Section 12. Freedom of speech and of the press; right peaceably to assemble, and to petition.

That the freedoms of speech and of the press are among the great bulwarks of liberty, and can never be restrained except by despotic governments; that any

citizen may freely speak, write, and publish his sentiments on all subjects, being responsible for the abuse of that right; that the General Assembly shall not pass any law abridging the freedom of speech or of the press, nor the right of the people peaceably to assemble, and to petition the government for the redress of grievances.

Section 13. Militia; standing armies; military subordinate to civil power.

That a well regulated militia, composed of the body of the people, trained to arms, is the proper, natural, and safe defense of a free state, therefore, the right of the people to keep and bear arms shall not be infringed; that standing armies, in time of peace, should be avoided as dangerous to liberty; and that in all cases the military should be under strict subordination to, and governed by, the civil power.

Well, well, well again these are dead in the water as the USA races towards a socialistic government, the USA signers of the USA declaration of Independence Said the USA is a Republic, they considered the word Democracy like the(F) word, as in Fabian. LOL.

They said Democracy is the worst form of government, all we hear and read says America is a democratic country and are, wars are to spread democracy, guess what that's correct, democracy, not a republic. History proves there are three stages to becoming a communist country.

- 1. No longer a republic**
- 2. Introduction of a country as a democracy**
- 3. Tyranny as a result, and hello communism.**

Our country has always taken the Fabian socialism route, history and writings prove this. The USSR took over by force, out right communism, Fabian socialism is a one-step at a time communism over a long period, and we have seen it in full throttle, dead is the republic.

The founding Fathers detested democracy, government ran by a majority, and now with the new powers of the executive branch superseding congress, with the formation of the supra congress it is the executive branch taking all power from the house of Congress. Their reason, a Joke, is with a supra congress 6 democrats, 6 Republicans and the president, the 13'th, hay 13 that's the free masons, hmmm.

This is tyranny and the founding fathers would have had these people held for high treason, oh well, as said America is dead, our constitution gone habeas corpus gone, freedom of speech and peaceful assembly gone, look at the people arrested for simply dancing at the Jefferson memorial, or the way the peaceful protester were and are treated at the occupy wall street marches.

As A Christian, we are not to carry signs, fight, cause any havoc, but there are many in the USA that are strict constitutionalist and are following the law of the land, not me. I feel it is too little, too late.

Also, to speak out against, protest, riots for the constitution, is not Christian in my view, but the law of the land , says USA citizens have certain rights, and they are not out of order, just the laws of the land. The Christian has one document higher than a man made law, the US Constitution and that is the holy Bible, see the difference, I gave in CH 1 about differences of Puritans and pilgrims. I am a blood covenant Christian pilgrim, but the others, maybe you have the rights of the law of the land to freely assemble and speak out, its a matter of choice and conscious, who will you listen to, obey, man or the teachings of Jesus Christ?.

As said, I have no option to opt out of writing about the U.S. constitution and state constitutions as all this comes into play with our freedom of religion and freedom of speech, and assembly. I am not a constitutionalist, but I am a born American citizen with certain rights, and the rights, man made, are not are what we live by, I was not born in Russia, you were probably not, thus according to Gods will I was born in the USA. The IRS codes and The constitution can not be avoided no matter how controversial they are, so constitutional rights and tax laws is what a good portion of this book is about.

PREAMBLE

Since through Divine Providence we enjoy the blessings of civil, political and religious liberty, we, the people of West Virginia, in and through the provisions of this Constitution, reaffirm our faith in and constant reliance upon God and seek diligently to promote, preserve and perpetuate good government in the state of West Virginia for the common welfare, freedom and security of ourselves and our posterity.

Note, the state says,

We, the people of West Virginia, in and through the provisions of this Constitution, reaffirm our faith in and constant reliance upon God

This is why our Christian nation is being judged by God, read the simple preamble, we are no longer as stated.

1-3. Continuity of constitutional operation.

The provisions of the constitution of the United States, and of this state, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

Note, after 9-11 this all changed, did it not? re read the above 1-3 of W. Virginias preamble. In times of war, or peace, boy we have been at war, esp. after 911, the patriot act, SPD 51, have given the U.S. President tyrannical powers, **the suspension of the U.S. Constitution at will, and for any reason, national emergency, its suspended, that includes freedom of religion,** and now with the authorization and detention act, supra congress, at even given moment, for any reason, the president suspends the U.S constitution and we will be no longer a sovereign state, a country without constitutional rights, hence tyranny at its highest form.

Note: for any reason the president deems he could SUSPEND the U.S. Constitution, he becomes sole dictator, this is why I pointed out the three steps to tyranny above, it's happening folks wake up call.

Once we loose freedom of religion, that means religion will be censored and persecutions will come to our land, sad. Be in prayer as the lord is our high tower, our fortress, our hiding place. There will be a remnant of believers, like during the inquisitions by the Roman Catholics in the Protestant Reformation, many will be in catacombs again, in hiding, history repeats. The spirit of Antichrist is already at work as 1 JN says, setting up his government for his arrival via the New world order, its hear, no one can deny it is now openly talked about on local and national news almost every day, ask Glen Beck, ask Lou Dobbs, we were warned.

2-2. Powers of government in citizens.

The powers of government reside in all the citizens of the state, and can be rightfully exercised only in accordance with their will and appointment.

2-4. Equal representation.

Every citizen shall be entitled to equal representation in the government, and, in all apportionments of representation, equality of numbers of those entitled thereto, shall as far as practicable, be preserved.

2-5. Provisions regarding property.

No distinction shall be made between resident aliens and citizens, as to the acquisition, tenure, disposition or descent of property.

2-6. Treason, what constitutes -- Penalty.

Treason against the state shall consist only in levying war against it, or in adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act, or on confession in open court. Treason shall be punished according to the character of the acts committed, by the infliction of one, or more, of the penalties of death, imprisonment or fine, as may be prescribed by law.

Did you read that?

No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act,

Well again so much for any constitutional law, my favorite man on net work news is Judge Napatalono, he talks on these matter with passion all the time, and so goes the rest, duck taped mouths, pretty faces, reading stories on a tela prompter and NO investigative journalism. The reason net work news, newspapers are loosing millions in revenues is as Brizinski said, a global. Political awakening has taken place and has impeded the elite's efforts to bring about their one world government; he said, 'I now have come to believe it is easier to kill a million people than it is to control them'. WOW, that's the way the empire of Satan sees it, and why we will see draconian laws and endless wars. Kill the 99%. Meaning the rest of us. Truth is now stranger than fiction.

I know I sound like one of those Radio or internet truthers, I am not, I am not a part of the truth movement, I am a follower of the CTM Christian truth movement,(I named this) Jesus Christ is the Way, the TRUTH and the life, no man comes to the father but by me (Jesus). When Jesus stood trial he spoke not a word, when we are hit on one cheek Jesus said, offer your other Cheek as well, if a man wants, takes your cloke, give him your coat as well, this is non resistance, and passivity is it not? Jesus was born and ministered under Roman Occupation, Jerusalem was in a police state, and yet in that time Christianity was born, spread and no man will ever stop it, the gates of hell shall never prevail against the true Church of the lord Jesus Christ. When the first Christians were being persecuted and had to flee, everywhere they fled, they taught and preached salvation in Jesus Christ, thus Christianity spread at a time of great persecution, our Lord, came while in a historic time of a police state, so we must forge ahead no matter what happens, amen.

3-1. Bill of rights.

All men are, by nature, equally free and independent, and have certain inherent rights, of which, when they enter into a state of society, they cannot, by any compact, deprive or divest their posterity, namely: The enjoyment of life and liberty, with the means of acquiring and possessing property, and of pursuing and obtaining happiness and safety.

3-2. Magistrates servants of people.

All power is vested in, and consequently derived from, the people. Magistrates are their trustees and servants, and at all times amenable to them.

3-3. Rights reserved to people.

Government is instituted for the common benefit, protection and security of the people, nation or community. Of all its various forms that is the best, which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the danger of maladministration; and when any government shall be found inadequate or contrary to these purposes, a majority of the community has an indubitable, inalienable, and indefeasible right to reform, alter or abolish it in such manner as shall be judged most conducive to the public weal.

3-4. Writ of habeas corpus.

The privilege of the writ of habeas corpus shall not be suspended. No person shall be held to answer for treason, felony or other crime, not cognizable by a justice, unless on presentment or indictment of a grand jury. No bill of attainder, ex post facto law, or law impairing the obligation of a contract, shall be passed.

W. Virginia, and Virginia, in fact all states have similar Constitution as the U.S. Constitution, they are very similar, as you have just read.

Fact, both states do not require a Church, or its buildings to be taxed, they are tax exempt as the IRS says.

3-12. Military subordinate to civil power.

Standing armies, in time of peace, should be avoided as dangerous to liberty. The military shall be subordinate to the civil power; and no citizen, unless engaged in the military service of the state, shall be tried or punished by any military court, for any offence that is cognizable by the civil courts of the state. No soldier shall, in time of peace, be quartered in any house, without consent of the owner; nor in time of war, except in the manner to be prescribed by law.

This changed when 20,000 troops were permanently station on U.S soil, see how its all changing. History repeats.

3-15. Religious freedom guaranteed.

No man shall be compelled to frequent or support any religious worship, place or ministry whatsoever; nor shall any man be enforced, restrained, molested or burthened, in his body or goods, or otherwise suffer, on account of his religious

opinions or belief, but all men shall be free to profess and by argument, to maintain their opinions in matters of religion; and the same shall, in nowise, affect, diminish or enlarge their civil capacities; and the Legislature shall not prescribe any religious test whatever, or confer any peculiar privileges or advantages on any sect or denomination, or pass any law requiring or authorizing any religious society, or the people of any district within this state, to levy on themselves, or others, any tax for the erection or repair of any house for public worship, or for the support of any church or ministry, but it shall be left free for every person to select his religious instructor, and to make for his support, such private contracts as he shall please.

3-15a. Voluntary contemplation, meditation or prayer in schools.

Public schools shall provide a designated brief time at the beginning of each school day for any student desiring to exercise their right to personal and private contemplation, meditation or prayer. No student of a public school may be denied the right to personal and private contemplation, meditation or prayer nor shall any student be required or encouraged to engage in any given contemplation, meditation or prayer as a part of the school curriculum.

I the early 60's when prayer was taken out of public schools this was the starting point to the path we are now on. The W.Virgina Constitution still has it, but do not allow prayer in public schools, or do they? NO plain and simple, but notice like Virginia Religious freedoms Guaranteed.

Did you notice that part same as Virginia the Church is a tax exempt entity, no 501 c 3 needed.

.....any tax for the erection or repair of any house for public worship, or for the support of any church or ministry, but it shall be left free for every person to select his religious instructor, and to make for his support, such private contracts as he shall please.

So, we see in Virginia and West Virginia according to their states Constitution, the Church is a non 501 c 3 tax free entity, just as we read in the chapter 1 IRS code, so you have the facts, why do you seek, want, need or desire to have a tax exempt 501 c 3, when the Church-Ministry is already tax exempt?

4-6. Provisions for removal of officials.

All officers elected or appointed under this constitution, may, unless in cases herein otherwise provided for, be removed from office for official misconduct, incompetence, neglect of duty, or gross immorality, in such manner as may be prescribed by general laws, and unless so removed they shall continue to discharge the duties of their respective offices until their successors are elected, or appointed and qualified.

Guess it is time for a third political power and clean up USA INC. No longer of the people, by the people, but of the bankers and of the INC's corporations, big business, there you have it folks.

I do not see anyone, Ron Paul included, saving America, as the covenant agreements to be a Christian nation have been long abandoned and thus, comes the great fall and great will be the fall of it. No man is our answer, only Jesus, he and his constitution, the bible will never change, it will never die, heaven and earth will pass away, but my word shall never pass away. WE have the bibles promise and fact on this, no matter what evil men try to do, try to change, or change, it will never destroy or rid the world of the Holy word of God, not even the antichrist, amen and amen.

Now, this was a fast track chapter to show the rules, constitution of two states and the supremacy of our lord, and our given rights of freedom of religion, and the fact it is already a tax-exempt entity. If the Church becomes taxed, know this dear reader. The Jews paid a temple tax, also the Romans, and others, taxed them to death, taxes are rising as we speak, history repeats, it did not change the Gospel than and it will not change the Gospel with over taxation.

I will end with where I started, this line is so easy to understand a grammar school child could understand it.

6-47. Incorporation of religious denominations prohibited.

No charter of incorporation shall be granted to any church or religious denomination. Provisions may be made by general laws for securing the title to church property, and for the sale and transfer thereof, so that it shall be held, used, or transferred for the purposes of such church, or religious denomination.

Did I now prove my case? The state of W. Virginias constitution can not be any plainer more so than Virginias, but there you have it from a legal state constitution, so worry not its in the bill.

No charter of incorporation shall be granted to any church or religious denomination.

Chapter 3

You Do Not A Bank Account For Your Church

It is a given many banks do not give an account due to they do not know the law, I have many links and the last is the exact wording, print it out, its source is from Cornell Law University, and it will do. No fishing around hear is the actual law and explanation, sometimes it takes gong to a few banks until you find one that will follow the real law and what is not required for a church.

Let me ask, do you have a church building? If not, I would not even bother; if I order bibles or tracks from say CBD I pay the sales tax and all, why not. If you own property, a Church, than I would pursue the non-501 c 3. I would ask why do you want or need a tax exempt?

Why a bank account? you may not agree with me, but in a economic view from solid economist and trends research Gerald C. he has a page on you tube trends research, he is the best and the fact is a fact, sometime in 2012 the economy will be broke, and a depression on the way, so why bother, I would not, I do not keep any money in the bank, it will soon be gone, so think and pray about that, we are entering true end time ministry, no programs, no offering plate, no grand sound systems, just pure N.T. type ministry, also a great Christian persecution is coming, it is already world wide, see voices of the martyrs , it is not shown on the news, it is coming to America, it is not if, but when, I think very soon, no 501 than, so pray, think on these things, ask yourself why would you want anything to do with the Government, in these days, banks, anything? hear are the links and I pray you have the right heart and the right direction.

Question? why are many obsessed with a bank account, there is no law that says you must have a bank account. The rich elite and many people have home vaults, behind a pitcher on the wall right lol. As we see in the movies. I am saying, all you need is a safe, any safe, in it have your money, gold, silver, papers, whatever.

For a ministry, have a home cash vault, with your Simple papers I have shown for you and your domes simplified tax book, its what I use, anyone can use it, or your PC program, but have a printed hard copy in that vault. All receipts, offerings taken in, money spent, and no bank, it has been done like this for years and in this economy, I would not have a dime in any bank, the economic collapse is a done deal, after it is, all paper money will have no value, so what are you going to do?

I would by pass the whole Bank system use a vault with cash and Your books, book keeping stuff, Church papers, the IRS documents mentioned with the link to download, and a copy of the US constitution and bylaws, the current Law of the land. That is it, and it is all you need to file taxes, under self-employment, or clergy, no IRS form needed. Not a form like you get from a regular job that we use to file our taxes.

There are other tax forms you must use for self employment and Clergy tax, fill these out, PLEASE

What about insurance if you have a building get it? No 501 c 3 needed to have insurance for any building. My brother, a local Pastor here in Yermo, Ca. The Church was vandalized and burned down, they had great insurance and wow, they have not missed a beat, in fact they are better off, a new church being built, large amounts of cash already given by the insurance company and money to use to continue ministry, until the building is done, they were smart, they had Full coverage, that is your choice.

A church cannot be sued did you know that? An Inc, corporation can, a business, but not a church. A pastor can get sued for mal practice, in my opinion many should be convicted, if not in this life in the life to come, I speak of doctoral, and abusive pastors. The Catholic Church has paid in court and out of court, millions upon millions due to sexual abuse crimes committed.

T.V. preachers, the ones who are ripping off the flock of Christ also are being sued, and rightly so, but they are all 501 c 3's and can be, see? I said Judgment is, and starts in the house of God, it is very clear these judgments are now happening and are on the increase. FACT, we all read about how another TV. Evangelist and TV. Multi- millionaires are falling at an alarming rate.

This is proof Judgment begins in the house of God. The individual, the family, the Church and the Nations that once called themselves Christian nations. America has now rejected it's Christian roots as we see the set up for the New World Order, Judgment is on America FACT, and the world FACT, look at the daily , wild earth changes, freak weather, EQ's etc, we are in the birth pain prophetic time line, so get right with God, accept Christ today and fight with spiritual weapons , the foundations are already destroyed, what can the righteous do, PRAY, stay in the true faith and keep in solid true doctrine till death do we part, we are to love our enemies, turn the other cheek, like it or not, this is the N.T. doctrine and teachings of Jesus, its up to you to live by the sword, guns and all man made carnal weapons. Paul said ‘ for we wrestle not against flesh and blood, (it looks like it) we are wrestling against spiritual powers in high places, can you fight the Christian war with any weapon other than a spiritual weapon, ? can you kill demons with a Gun? NO, and the N.T, is very clear on this, it is sad to see America quickly falling from what it once was. The Christian fights on bended knees and the sword of the spirit, the word of God, passivity folks.

I will shout from the housetops the sins of the destroyed foundations, the pen is mightier than the sword. This I will do, and this only will I do, as this book shows.

My prayer is this little book will teach you the facts concerning the 501 c (3) issue, but also I pray it will help you to start your God given ministry today. The book

takes away all excuses, aside from a person's personal fear of the call. Be bold, be strong, for the battle, (your Calling) is not yours, but the lords.

I have consulted, provoked, challenged people, as you heard in audio one, concerning the motivational gifts and going forward in your call TODAY, yes you can and should start your ministry TODAY.

I remember when I was 18 years old, that is now 34 years ago, when I was saved my call was made known, and I was to be an Evangelist and a preacher, from day one I have walked in this call. I have made mistakes, I have stumbled, but I followed and still do the heavenly vision on my life.

Chapter 4

How To Have An Online Ministry That Works

I have over the years done many, many, many online ministries, business, on line stores, micro business, served as a online Independent Musicians promoter, Online advocate, and all online. At present, I have a blog that has a large global audience, and the gospel is being preached world wide, by the glory and grace of the lord.

I have in 6 months in 2011 reached over 25,000 people world wide on one online ministry, my main ministry site. I was an online consultant, copywriter, promotions; I have extensive experience in the area of using the internet for everything one could think of, esp. Ministry. At present the count is 100,000.

I had a F.T. online School teaching students how to record pro recordings at Home, for pennies on the dollar, also the title of a new e-book I will shortly have for sale on Amazon and other places. I have been a web master, web site developer, graphic design, CD cover artwork, mastering audio on line. The internet is a tricky thing, many books have been written on the subject, I have read most of them.

Over the years, I have .coms, .orgs, .nets. .edu., Paid websites. Now, I have over the years learned every tactic in the book, key word optimization, even PC repair. All the do's and don'ts, they are different in ministry, as ministry is not a business, it must be beyond reproach. Different tactics must be used.

I never became wealthy or even well off, but I did make a living. I learned that the full-fledged paid domains are not all what they are cut out to be. The number one issue for any online presence is to get traffic to your website.

In this important area, I have learned what it takes, what should be done, and what free sites can do to make it happen.

Its funny, most of my big paid domains had few visitors compared to my free web sites. This chapter is all about getting your online ministry on free websites, and blogs, how to get people to visit.

It is the lord that will lead people to the site, if you have good content and update it on a regular bases. When I first started my main free website I did not even know how much I could do with it, it is hosted on blogspot.com

I at first, as you can see on the site, only posted one post in 2010, and only a few in 2011. In May 2011 the blog took off, as I started to go from 5 readers a day, to over 300 readers a day, it was almost over night, so how did this happen?

The number one way to get visitors is to post a free e-book, with content that is on something that is relevant to your site. How to subjects are the number one e-books to consider.

How to books are always the number one sellers as well, as people desire how to do something. DIY books are number one.

Take a look at my 100% free, and now main web site, it is hosted by blogspot.com. You can see just what you can do with a simple blog for free, and turn into a full fledged ministry site, with multimedia content.

<http://www.truthandmercyministries.blogspot.com>

It still amazes me what blog spot offers, I have a few blogs on word press, I know longer work on them, word press is good and more popular, but to be able to do what you can do for free on blog spot, word press will cost you, your free blog is so limited all you can do is post text. On blog spot, all the features that word press makes you pay for are free, so go with blog spot.

Go, look at my free blog spot and see how I turned into a fully active website, pay pal and all, videos, music, you name it, it all can be done on this great site.

My first site I did free is hosted on an .org site, this is a great place to have a small site, it has a directory and to this day, I still get many readers from that free website. At many times it cannot be accessed, but keep trying, as it will pay off, big time the website is.

<http://www.orgsites.com/>

My first ministry site for free is on this server, look at it, it has few features, but man you will get a lot of visits.

<http://www.orgsites.com/ca/evangelistdannyabaldo/index.html>

Hear are some more of my FREE web sites.

<http://theskypepastor.weebly.com/>

The weebly server is also limited unless you pay, but when you want to have another site for another ministry this is an excellent site with an easy site builder tool. The Skype Pastor, what a great Idea, maybe if you want to stay with online ministry, you could do something like this. I use Skype all the time, to teach, minister, preach, consult, give help, counsel, and help new Christians learn basic doctrine, you name it.

One of my newest ministries is an affordable online bible school, called, Truth and Mercy Institute for Advanced Ministry studies.

<http://instituteforadvancedministry.weebly.com/index.html>

I use blog spot to lead the prospective student to use pay pal, yes on blog spot you can have your pay pal button. On paid domains you use a shopping cart, these are very expensive, and a hassle. On a free website, I have the connection to the school to the blog and they pay there, also with free micro sites, you can use them to drive traffic to your main site.

Note; there is a law, that I learned while being a copywriter, if you have dozens, hundreds of free websites just to point to your single product, you can get into trouble, all my sites are separate, individual and offer different things, it is 100% legal to link to whatever you want, this is called reciprocal links and it ties all the sites together, they are all different, but in the links area, you link to all the other sites. This will drive traffic to your main sites, and the other sites that do, and offer other things.

I offer free e-books, free music, they are hosting on, you got it, free sources. (free WebSites)

When you make free offers, and put good content on your site, it will drive traffic to all the sites. The e-books did wonders; I am done with my 7th free e-book. The one you are reading.

Understand I am not pushing, or promoting my sites in this resource, I am giving the links so you can see what can be done, with free, easy build template sites.

I do not expect all who read this to agree with my ministry in some areas, unity in the essentials, liberty in the non essentials and love in all, -Augustine.

It is my ministry, we all have different calls, and many different beliefs, as long as we stay with the core, orthodox Christian doctrine, all else is a matter of ones doctrine and opinion, so feel free to minister in what ever ministry you are called to, but keep it sound.

I offer my free e-books on scribed, scribed is great, as you can see how many reads you are getting, it has built annalistic tool.

Hear are the links, again only to show how much you can do with free hosts.

<http://www.scribd.com/lyric4him>

If you do music, you can use sound click as a place to post unlimited songs, and if you choose you can sell your CD-MP3's on this site, again free, hear is my music site, I used to have many, many friends, song plays, many top 10 songs, a few top 5

songs, I have started from scratch, big mistake, it looks small. You also get a member page, where you can net work, have your own radio stations with songs you like, and post to blog spot as an embedded player for the world to listen to.

My free music

<http://www.soundclick.com/dabaldo>

Take a look at the nice member page you can customize. I put a Shofar horn as my background.

<http://www.soundclick.com/members/default.cfm?member=goatee1>

I am big on music and have always been so, I use worship and the word, I do stage plays with contemporary music, aside from the lord and my ministry calling this is my number two love. I used to teach recording arts, I gave up on that after the collapse of 2008. I lost my home pro studio in the Seattle area, and had to move. I deleted my old recording blog, I put out a free little e-book called 'The Poor Persons Guide To Marketing Your Music- For Pennies On The Dollar' and its sister book, 'The Poor Mans Guide To Making Pro Recordings At Home-For Pennies On The Dollar'

I am using these two free e-books to promote my other sites

<http://digitalgoatee productions.weebly.com/>

<http://www.digitalgoatee productions.blogspot.com/>

I have a few more free sites out, but this will be enough for me to lay the ground work, showing you examples of my free websites, what they look like, also I hope it proves I am what I say I am, and I hope this will get you to listen to the insight and wisdom I have in this area.. my virtual portfolio.

If you Google my name, Dan Abaldo, or Evangelist-Pastor Dan abaldo, look at how many pages, I am on in the Google search, why? Many other sites pick up your videos, teachings, sermons, its wild, I just did a Google search today and I could not believe all the places I am posted, I remember a year ago I searched my name and only a few things come up now I just stopped looking after 7 full search result pages. What a difference a year makes, things go viral and you do not even know it. On blog spot, it shows on the stats page, at the bottom, blog share, it shows how many people shared something on your blog, I just looked at it was 110 time, someone, somewhere in the world shared content from my blog, and it drives more visitors, amen.

To post multi media videos, as you see on my truth and mercy site, you will need to have a You tube account, I tried Daily motion, but it is not user friendly to post the videos to your blog or web page, YT is still the best. You load it on your blog by going to YT, choosing a video, hit share, than embed, it will give an HTML code, click, it highlights and is ready to copy to your site, blog.

I use note pad or word pad for this, as I do not want to go back and forth, and also many times I find several videos I would like to share as the lord leads. I paste into my note pad, I make a new folder that says, something, like great you tube videos to later post, give a description for each in note pad, so you know what video is what.

On Blog spot, when you are doing a text message, a teaching via written word and want to place a video on the post, or just want to post a video with no message, just a title, you must, listen, you must switch from compose view to html, between the <div> and before the end code </div>, if you do not do this, it will say html code can not be accepted, at times I still run in to odd errors in this html page view, but with practice you will master it, it is an easy do.

Now this is where the rubber meets the road, on the bottom of the blog, or any web site, always use good strong key words. They do not have to be just one or two words separated by a comma, as many paid sites. You can say, prophecy given on this day February 29 2012, a word for 2012, a word of conviction to all Christians. I have learned esp. with blog spot, use good and sometimes-lengthy key words, the post will get many more hits.

On the other free web sites I use and mention, like Weebly, make sure you go to the control panel, editor screen, and put in your sites description, it is hidden, it is a must, also a short blurb about the web site, and key words, on webee, use one and two word keywords, this works better. You must also go to weebly main page web site, and sign in, in order to edit your website, this is necessary. The www.org site, is a lot different, good templates an hour or just a half hour you can have your ministry or Church web site up and running, check, make public and include in directory this is key, it will drive more than a few visitors.

I find if you are a Church and want a good free web site, about your church, services, links, times of services, location, this org site is by far the best site for that. On weebly it alone will not drive any traffic to your main site. The main site once you are getting visitors promotes, introduces the weebly site and after a while it will link back, do not bother going with the pro features, weebly charges to much, and you can do all the same stuff, even more with a blogspot account.

SECTION B.

The internet is a blessing and a curse, in the start you may get comments, from what I call, trolls, moles and holes, just people who give evil and critical words, and most

of all just tell you, you have a word that is not spelled correct, learn to handle this, infact, do as I know do, I delete the email and move on, do not waist time on people like this, also the enemy will use what seem to be well intentioned people to try and talk all kinds of stuff with you, you will see these are people who are being used of the enemy, to steal your time, and get you off track, beware of this, and learn, on the net, you better develop thick skin. One note I forgot to mention on blog spot, enable comments, OK from anyone, anyone can post, now you have under comments a place that will show you the comment before it is posted, thank the lord, I have had to delete several, on my blog I do not get many comments and that is fine, it is because my site is all about sound doctrine and this is not popular now days.

Starting an online virtual Church. There are more than a few of these, it shows the days we live in, and also it can be used to reach seekers and folks who would not attend a local church, these sites are not cheap, if you have a blog, teachings, live stream audio, or mp3 audio archive, a prayer room, a chat room, a place for posting, this is no small project, and you may need someone who knows about web site building and web master, as these are big sites with many areas and are a hand full, so if this is what you want to do, it will not be free, or easy know this in advance.

The most common websites are paid domains, I look at them and say, I can do all this for free, I am big on free, as we are in a bad economy and it is wise stewardship to use what you can for free, yes you can start a F.T. online ministry like I do, with NO MONEY.

Weebly is a good place for a site that you may want to post pitchers, and simple things, it can serve all your needs, for a sort of yellow pages site, with an optional map of your location, org site is the one to use, I think every ministry should have an online presence of some kind, while we still have freedom of the net.

<http://www.truthandmercyministry.blogspot.com>

You will see many multi media things posted. If you have any questions please email me and I will be glad to help on this chapter and the whole e-book resource.

I said before when you do online ministry, you must develop thick skin, if not, your finished, I mean this. The internet is a virtual world of satanic attacks, as he is the principality of what? High places and the (air) If you want to make a name for the ministry of the lord, this is how you do it, and if you want to get your name or ministry known on the internet. It is all about the lord and not us, amen

Those in music ministry, it is a double edged sword indeed, you want to be heard, your music, you may want to sale your music, and this takes countless hours of networking, promotion and plugging every single day, it never ends on the internet when your marketing music, a product, a service, its all about marketing. You must keep integrity first and honesty. I once heard Ray Boltz say, “If your in the music

**ministry looking for a record deal, or to get signed, your in the wrong ministry”,
these are true words.**

I put together some very, very good links that will help you in your ministry. Best links I have found over the years, many are free and so look at them, this will save you a lot of time and energy. I used to do web searching for people, and got paid, one old client in Seattle that owns a music business said and I quote, ‘ I no longer use Google I use Dan Abaldo’ Love those words LOL.

I am humbled by that endorsement, and kind, yet true words. I do a lot of online research, it is necessary in what I do and I am very good in this area, so enjoy.

This extensive links page to things in the real world you will need in the ministry is worth the price of the book, I lie not, I would get 50.00 an hour for doing online research for others.

Another Hebrew learning site with free software

<http://www.teknia.com/> another Greek site some free helps.

<http://www.e-sword.net/> the very best free software I use every day free a must have. Please donate to this great software.

A very close second and to many a favorite is the word. This is a great free tool, the interface GUI, is colorful and a little cheesy looking in my opinion compared to e-swords total pro GUI, looks. The Word is almost a clone of E-sword, and not as user friendly, in e-sword, everything you have downloaded, let's say, 40 bible translations are all shown by way of easy access tabs, e-sword is all tabs, so you see at start up what is what. The word, you have to use an arrow to navigate, I just find it as second rate compared to e-sword. The Good, the word has a better library of books, many e-sword dropped, like the works of E.M. Bounds, it has the

full world atlas a big file and what a free add on, also it has other bibles, commentaries, and things that e-sword does not. Download both, have both as each has its strong and weak points.

<http://theword.net/>

<http://www.weebly.com/> excellent free web hosting a must see.

<http://www.sermonindex.net/> learn from hearing the very best biblical preachers, also free audio e-books many to choose from this is necessary site to be fed as a minister from the words of truth.

www.scribd.com/ best place to upload free e books to down load free e-books sadly they now charge, but people can read them online I have 4 e-books on this site, sign up as author to upload, to download sign up as reader.

www.soundclick.com

Unlimited MP3 song host, 150,000 visitors a day, the best plus your own page and free music, make your own stations, colab best site for Christians to meet Christian musicians and recording artist, have used it to host my music for years, if you choose you can also sell your music CD in MP3 on this site

The best speakers are JBL, Eons, Harmon Kardon is the best top of the line. Fender has a few outstanding portable P.A. systems they carry like a suitcase, I recommended this for my brothers temp church after his

burnt down and the church is thrilled with it and the sound, the Fender passport series comes in a few models it depends on one thing, how many watts.

Best P.A or any speakers in the world a must see and hear if you get a chance.

http://www.harmanardon.com/EN-US/Products/Pages/SubCategoryList.aspx?CID=speakers_cat

Best mixer, best of best esp. for a home studio or Church that records is Allen Heath

<http://www.google.com/products/catalog?oe=utf-8&rls=org.mozilla:en-US:official&client=firefox-a&q=best+mixers+for+recording&um=1&ie=UTF-8&tbm=shop&cid=8317029294028959413&sa=X&ei=s9pST-zkFKSuiOKzpev0Bg&ved=0CI4BEPMCMAg>

The best second choice mixer for live sound or recording audio is and will always be any of the Mackie line ones, hear is an example. This is their site so you can look at all products, this is a very, very close number two, some feel its number one, but Allen Heath are the best take my word. Mackie rules all over the world it is beyond description at least one day, esp. if your in music ministry and want to record a pro CD get a Mackie also if your in a music ministry have as your live sound mixer the Mackie's.

<http://www.mackie.com/products/mixers/index.html>

The lowest priced one is 400.00

<http://www.guitarcenter.com/Fender-Passport-150-Pro-Portable-PA-System-105653653-i1500773.gc>

700.00 fender passport

<http://www.guitarcenter.com/Fender-Passport-300-Pro-Portable-PA-System-105653646-i1500774.gc>

Their last one just under 1,000 is the best have gigged out with it, great even in large places for the portable use, power and I can control the sound, hay I am a sound engineer this is my favorite 5 star portable.

<http://www.guitarcenter.com/Fender-Passport-300-Pro-Portable-PA-System-105653646-i1500774.gc>

Scripture for all Greek interlinear bible PDF free download, based on Greek textus AV version great

http://www.scripture4all.org/OnlineInterlinear/Greek_Index.htm

Another great interlinear text , this is software and does a lot, I use it every day it is the best, e-sword is the best free or paid software mentioned above, but it does not have a needed interlinear text you must, should have one.

http://www.scripture4all.org/download/download_ISA20.php

Online interlinear gives 3 options for different Greek texts, like Greek textus receptus, the KJV bible based on this. Scrivener& Nettles text like Isa 2 software great, used in NASB and NIV

<http://www.studylight.org/isb/>

This site is Greek orthodox, its the real deal a lot of stuff on hear, note a few of the bibles on this site come with e-sword you need e-sword, its free you will want the Greek text with the words English and Strong's numbering, download every single Tool, text , commentary on e-sword and you will have some of this stuff on your program.

<http://septuagint-interlinear-greek-bible.com/>

If you are a very serious student of the bible the mid level paid software is Logos many different levels to choose from

<http://www.logos.com/>

The grand daddy of all software and very expensive, but the best of the best, it will take you past a Doctorial level once mastered , oh it takes a life time to master this program I kid you not, after 6 months you will feel great confidence in its use. Used by all major Greek Hebrew study classes on universities, scholars, this is the best of the best of the best, very high level. if you can afford it, like my brother, he has cash, I have seen it, tried it and wow, it will take a year to master most of it. Not for the timid, this is for advanced study and writing.

Bible works

Study To show they self approved.

Start free, use free it is the way to start.

To record your sermons, services , music, whatever, use a PC, a laptop, or a desk top, use the PC in from the P.A. out and hit record, the best free software is Crystal Sound Engine. The interface, GUI is the best of the best, see the screen shot. Krystal can record up to 24 bit and 192KHZ, unheard of, even in pro software, you would never use that high of a HERTZ, sample rate, but pro studios record in 24 bit by 96Khz, and this free software does just that. It takes VST plugins, effects, I will also give a site for the best free VST and VSTi's (virtual sound plugins)

<http://www.kreatives.org/kristal/>

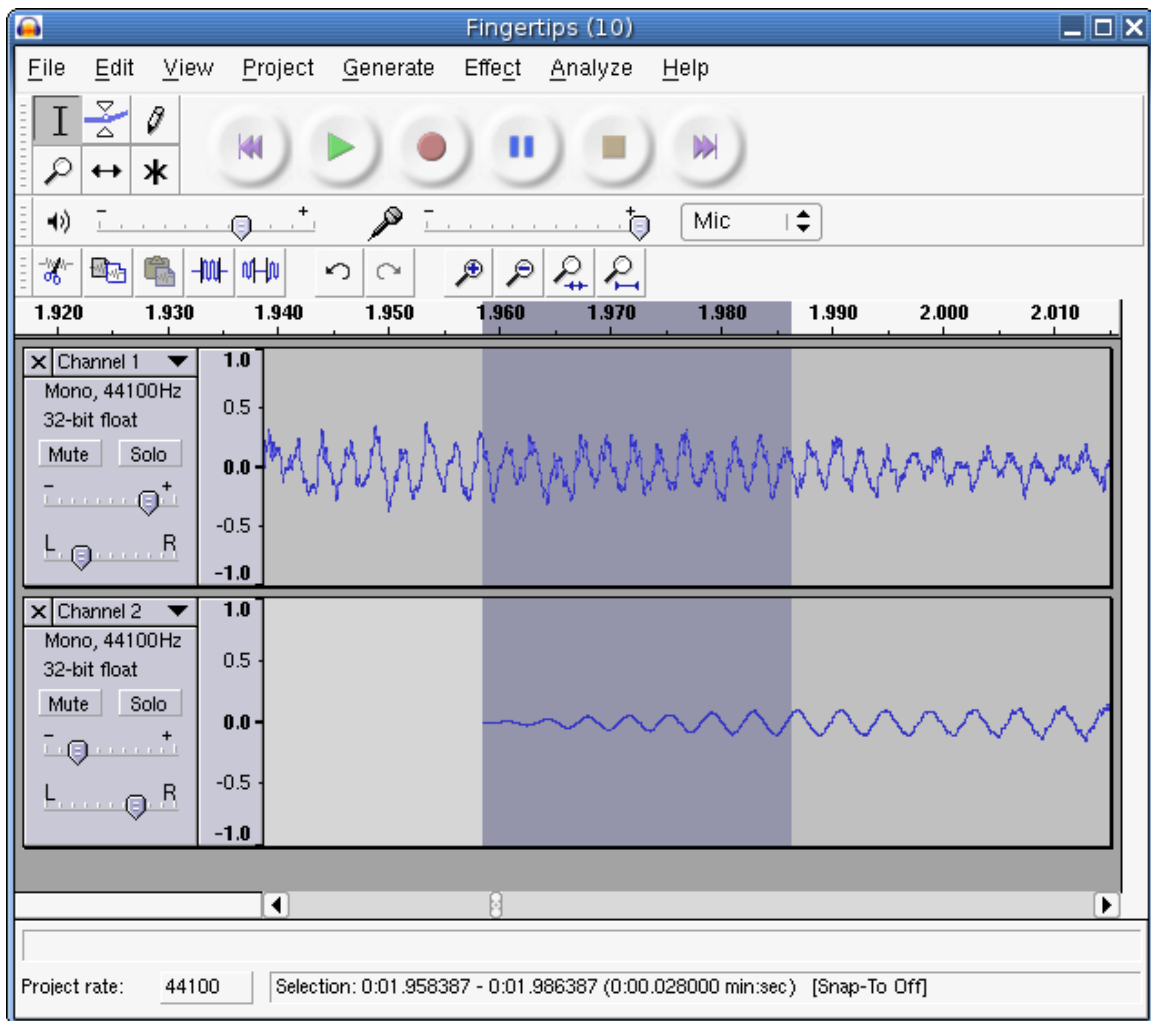

What can I say, FREE and the best for recording audio

Next is the super popular free recorder that does it all, it has a crappy interface, not nice and easy like the top pitcher, but for recording music, using MIDI Vsti instruments, looping etc this is a great free recording starter for anyone who wants to record music and not just sermons.

<http://audacity.sourceforge.net/>

The new version is a great redo and much more easy to use, it looks like this.

You can see the difference, but if your recording music use it, if your recording music that is audio only, like a vocal and an acoustic guitar, keyboard any instrument, use it like any table top recorder, it records more tracks and it records at pro level sound specs.

One of the best software synthesizers is hands down Crystal, the presets alone are mind blowing I use it to this day all the time, it has some pretty wild sounds you could use if your doing a play, a presentation or a video .

<http://www.greenoak.com/crystal/download.html>

The link to get the software now includes a few useful free effects and some are for Mac PC's, the Mac has always been the top PC in music production and post audio and video editing using a software called

Avid, the same PC and software Hollywood used, Avid is thousands of dollars, takes years to master and is the industry standard.

<http://www.greenoak.com/vst.html>

Free plug-in's and free instruments, I feel are the best, the instruments , some of them are worth 50 to 100 bucks each, listen to the presets and you will hear, the effects are different and wild many uses in creativity.

<http://www.krakli.com/krakli-free-synths/>

Two pitchers of just a look at some of these top notch instruments, I use them every day.

This instrument is great for standard sounds, pianos, strings and many useful instruments, it is a great, great instrument, the others are more bizarre and have its uses, the new one I next show is a true in your face analog sounding instrument with super powerful sounds.

Go to the link and down load everything, go to the vst effects page and download them next.

If you have a standard sound card you will need what is called ASIO drivers, these are what makes these work, you can download the free ASIO 4 ALL, it will do the trick.

<http://www.asio4all.com/>

With this next very useful software you load your instruments in them, can play them using a PC keyboard, a midi keyboard is far better, be it a USB one its your choice, this is a donation ware, share ware product, but has no limitations and is free, it just pops up and has a 20 second count down to start, so what use it, free, why not.

How do you use these instruments and effects?

Make a folder in my documents, call is vst that's it, in that folder anytime you download any vst, vsti, DX, DXi, you put, copy past the .dll file into the folder, that's it, the toy bear and other things like the recorders above will scan your PC for these instruments and effects, you may have to give a path to some, just my documents/vst that's the path.

If you have any questions on this email me and be sure to keep an ear open for my blog

I post how to make free pro recordings at home.

Now to low pay music makers the best of the best, 69.00 top of the line is Mixcraft 5 it does it all, Hear is a pick and the link to see what it does, wild the best.

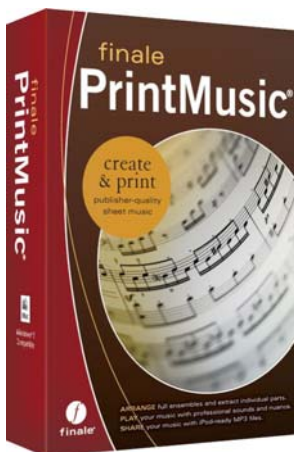

<http://www.acoustica.com/mixcraft/download.htm>

Most music stores have it, like guitar center, the link to read all it does and the reviews is worth a look at.

If you are, a worship leader and you should have notation software that will print scores it is necessary for any worship leader.

300.00 Worth every dime and used by all worship leaders, esp. ones with multiple singers and musicians

If you are starting small and only need 4 mics to preach, the best small mixer with top line pre amps, is cheap and is used in many, many radio stations.

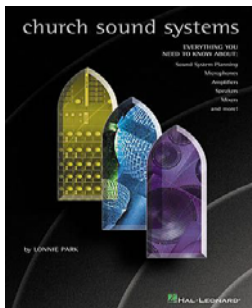

This I have used, it has the best mic preamps in any price range, this does a lot, comes in even a smaller version for 40 bucks and bigger ones, USB ones, all top of the line and value for the money.

I have bought many instruments, P.A systems you name it, used 50 to 75% less than retail on Craig's list, I bought and sold so well while in the Seattle area, I dropped my e-bay account. Pawnshops, classifieds, look around and save a lot of money.

Lastly, even if you want nothing to do with the audio end of your ministry and find someone who will, hear are the two best resources to put in the hand of the sound man.

This book is under 13 bucks and well worth it, it can be had almost anywhere.

This new, hot off the press DVD is a must, you see and hear, and it also can be found almost at any music store. Hal Leonard the standard

Now on to ordinations, associations, and online schools.

I have book marked every single association, online bible school, ordinations you name it, I have seen and read them ALL. I can say a lot on this matter.

Sadly 85% of all online ordination mills are all for people who want an ordination just to perform marriages for money, you do not need to be ordained, or have formal training as the anointing breaks the Yoke.

If you do seek out ordination I recommend the Association I am a part of, and have all I need it is the best and some what new place for ordination, the documents are excellent, the price for them cheaper than anyone else. I like this association as it is not a ordination mill. You apply to become a member of the fellowship hall, they do a sexual offender background check, not a financial one, it takes 7 to 10 days, next ordination again 7 plus days and they have elders in many states and your application is looked at by the elders, and an elder near you comes and lays hands on you, this is proper bible ordination, fact read 1tim and titus.

<http://www.nacministers.com/>

I have looked at all, online schools and I can honestly say, the one my ministry offers is the best, I am not being bias, let me explain. Try to get an email answer a phone call, go ahead. I am not talking about major universities, I am talking real world, cheap priced online education.

After years of looking , I said I will fill the gap, I started a real online bible institute that requires work, a thesis and one on one mentoring, consultation, lifetime email support, phone calls, Skpye sessions, real stuff and not more O.T. and N.T. surveys, hands on practical ministry, fast track. I offer a B.min that one can get with life experience, but it requires real experience and still requires a formal paper and one on one time.

**Look around, I have done all the looking and no decent, degree is online, where you get unlimited one on one help, lifetime email support and much more. In addition, it is cheap
B.Min is only 50.00 and a M.Min is 100.00, D.Min 125.00 try and find its equal, I say that in truth, integrity and honesty and humility.**

I do not have or want a bogus accreditation so I can charge crazy fees, and this is a 100% separation from state and church issue. A non 501 c 3 ministry is what I am all about, and so should you give this thought dear reader. I just dropped the tuition 50%, the economy is very hard, I want to see you get the ministry degree you deserve. I offer one on one and email support for life, If you do not any one on one time via a phone or Skype, that is your choice.

<http://instituteforadvancedministry.weebly.com/index.html>

See the difference for yourself, you cab click to get the 2012 catalog right now.

I am not putting other schools down to promote my own, may my lord strike me dead, I am sick and tiered, and decided at 52, it was time to pour into others what I have learned and help others get going today, cheap, one on one, no 501 c 3 or accreditation scam or degree mill.

The whole online ordinations and degree mills are so bad, I found what is the most antichrist site of all time, but honestly, it is saying something to the rest of the scam artist and money makers online, your in the balanced and found wanting, it is a joke site, but real, what a place in time we are. This site I end with, you just have to see this one to believe it, and the online ministries deserve to be laughed at, as most Churches now days.
